TIP OF THE MONTH

Make Good on Your New Year's Resolution

Seize the final 31 days of 2020 to follow through on

your New Year's resolution! It doesn't matter how late you start, so long as you take that first step towards breaking a habit, kickstarting your weight loss, or learning your first word in a second language. Working toward your resolution now may give you some momentum in achieving your newest resolutions in 2021. Be an inspiration to others and use the month of December to become the best you you can be!

Preparing for Your Effective Date

Whether you're a long-time member or soon-to-be part of the Legal Resources family, there are a number of preparations you can make to use your Legal Plan in the new year. For both January 1 effectives and current members alike, be sure to review the many ways your legal benefit can serve you.

Legal Lead #1: 'Tis the season of resolutions and planning, so making a legal checklist should definitely be added to your queue of to-do's. Legal matters you put off may still be worth resolving (depending on certain statute of limitations, of course). Taking care of wills, estate plans, medical directives, and other essential life documents is a great way to knock off several tasks on your legal checklist too.

Legal Lead #2: Connect with your Plan Attorney. Old and new members alike should focus on establishing a close relationship with their plan attorney. He or she is the person you are encouraged to contact in emergency legal situations, so it's best to establish good rapport before a crisis arises. Consults are fully-covered, so use them to your advantage and see how your attorney can help you.

Tesla Cybertruck

If you haven't seen Elon Musk's newest Cybertruck, the fully-loaded rig looks like something from the year 3000. The exoskeleton of the geometric SUV is nearly impenetrable, and beneath its hood are single, dual, and tri motor capabilities. Musk unveiled the revolutionary Tesla design last November and anticipates updates on the all-electric truck to be revealed this month.

5 Positive Moments of 2020

We are closing out the decade with one of the most trying and transformative years yet. Let's not focus on the negatives of the past twelve months however, rather the small victories we achieved instead.

- 1 Restaurants expanded to al fresco dining spaces.
- 2 Clinical trials began for COVID-19 vaccines.
- 3 Drive-in movies made an international resurgence.
- 4 Our public spaces are cleaner than ever before.
- 5 Evidence of pollution decreased worldwide.

DID YOU KNOW ?...

Your Legal Plan Protects Against Faulty Decorations

Whatever holiday or tradition your family celebrates this season, know you're covered. Most decorations you buy in store or online are subject to protection by our Consumer Relations coverage. We are here to help you resolve warranty disputes and faulty handiwork so you can enjoy a hassle-free holiday. Spread cheer rather than spreading yourself thin by allowing our industry-leading legal team to get your festive displays up and running without interference of scheming retailers.

CYBER CORNER

Is Your Face Safe?

Safety measures on technological devices have increased tenfold over the last few years. How effective are these recognition systems in protecting our personal data though?

According to Tech Columnist, Jason Aten, Face ID and Touch ID technologies really only protect against run of the mill thieves, not vetted con artists. Identity thieves use systems to bypass biometric data and compromise your personal information. He suggests using eight-digit passwords comprised of letters and numbers instead.

Frequently Asked Questions

- Q:** We purchased travel insurance for a vacation we planned to take this month. Our itinerary has been cancelled due to the rising number of COVID cases, however, and the travel agency refuses to honor their refund policy. Can you help?
- A:** Yes, contact your Plan Attorney immediately and provide them with the details of the policy. They will work to ensure you receive a full refund.
